Long-Missing Man  
May Be in Arizona.

Children Hear Rumor of His  
Murder in Alaska.

See Bright Promise in  
Crew from El Paso.

The mystery of the whereabouts of  
Haralson Haralson, one-time at-  
torney at law, and later supposed to be in-  
volved in the mining development of  
Alaska, continues to deepen.

Haralson formerly was located at  
Randsburg, but went to Randsburg on  
the morning of that camp. He had three  
children at that time. Now they  
are grown. These children never  
heard from their father from the day  
he was taken away and said he was  
to Alaska, to be gone at least  
a year.

Three children of the missing  
man make their home in this city.  
They were plunged into gloom by the  
fact that their father was foully  
murdered in the Nome camp and that  
he was discovered under the floor  
boards, after it had lain there for  
a year.

The children had their father  
described by word from El Paso.  
The effect that Haralson is still  
alive and has been active in mining  
development down in one of the Mexi-  
can states, has been a great relief to  
the children. They are now in the  
care of the Arizona mining towns.

With all this interesting news  
the query in the mind of the  
children and the pretty daughter of  
Haralson. Why should their father  
keep from them all news  
concerning him? Why has he al-  
ways been so elusive?

ABOUT MURDER THEORY.  
Haralson here are not at all an-  
xious to accept the idea of their father  
being murdered in Alaska. They  
say they will locate him, or  
they will clear up all the present  
about his movements for the  
year.

Recent article published in The  
Times in which there appeared the  
name of Haralson, has brought forth  
a number of inquiries from the  
children. They are now in the  
care of the Arizona mining towns.

ONTARIO PIONEER DIES.  
E. F. Packard, Old-time Resident and  
Real Estate Man, Passes in  
That City.

(BY DIRECT WIRE TO THE TIMES.)  
ONTARIO, April 5.—[Exclusive Dis-  
patch.] E. F. Packard, one of the  
old-time residents of Ontario, died at  
his home in this city this evening. Mr.  
Packard had complained of a dull  
aching pain in his head for the past  
several weeks, but paid little attention  
to it. Last Sunday night he was  
stricken with paralysis, and since that  
time he had been unconscious.

He was largely interested in real  
estate in Ontario. At the time of his  
death he was in the real estate busi-  
ness. He was a prominent member of  
the Congregational Church. He leaves  
a widow and three children, two boys  
and one girl.

BELL TELEPHONE REPORT.  
The annual report of the American  
Telephone and Telegraph Company  
shows 2,338,715 stations in operation in  
1905. The total mileage of wire in  
service was 4,043,518. During the year  
the companies handled 4,479,500,000  
calls. At the present time there is in  
use in the system 230,000,000 pounds of  
copper wire, 4,000,000 poles, and 35,000-  
000 feet of underground conduit. The  
number of officers and employees is 37-  
213.

RECITAL POSTPONED.  
Miss Natalie Talbot's recital, which  
was to have been given at the Woman's  
Club House last night, was postponed  
to Saturday evening, on account  
of the rain.

JEWISH WOMEN TO MEET.  
The Jewish Women's Foreign Relief

**THE WEAKER SEX.**

"The Weaker Sex" shows four charming girls grouped around a table and examin-  
ing through a magnifying glass a mere man, as insignificant in their eyes as an ant,  
pathetic in the supplication of his attitude. The four girls are four different types,  
each perfect of its kind, but they are one in the coldly scientific expression with which  
they examine the specimen that one is about to impale upon her hatpin. People who  
are accustomed to thinking of the Gibson girl as one, just drawn in different attitudes,  
will have a chance here to observe four of them together and to note the striking dif-  
ference between them. As an illustration of Gibson's technique this picture is  
splendid, and the student of art can do no better than to analyze carefully the  
methods whereby the effect is produced.

This picture is one of the last of Mr. Gibson's Pen and Ink Draw-  
ings. He will do no more of this work.

## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## Arrested as "Jumper."

R. W. Bishop was arrested yesterday afternoon at the request of the authorities at Oxnard. He is alleged to have "jumped" a bond bill in the beet-sugar city, and will be taken north to face trial in a day or two.

## A Home Musical.

The Child Study Circle of the Seventeenth-street school will give a musical this evening at the home of F. W. Dolan, No. 121 Thorne street, for the benefit of the Mothers' Congress, which will meet here in May.

## Canadian Sons and Daughters.

At a meeting of the Sons and Daughters of the Maritime Provinces of Canada, which will be held at Mammoth Hall tomorrow evening there will be a social reunion of old friends. Solos will be sung by Mrs. Edith J. Lowe and Robert Crowe.

## Check, No Funds.

L. B. Carpenter, a guest at the Holbrook Hotel, arrested yesterday on the charge of passing a fictitious check for \$50 at the Baderback restaurant. The check was drawn on the Broadway Bank and Trust Company, where Carpenter had no funds.

## Dr. Hodges at Pro-Cathedral.

Dean Hodges of the Episcopal Divinity School at Cambridge, Mass., will speak at St. Paul's Pro-Cathedral this evening at 7:45 o'clock on Christian Socialism—not the unwashed sort. Dean Hodges is an authority on this subject and his presentation of it will be illuminating.

## Two Bankruptcies.

Two bankruptcy petitions were filed with the United States District Court yesterday. W. B. Tavenner, of this city, traveling agent for electrical works, owes \$17,625. He has no assets except a few pieces of real estate. George O. Evans, a Fresno farmer, owes \$20,000. He has nothing in sight with which to pay.

## Mining Man Injured.

Word comes from Nogales, Ariz., that J. W. Provand, a well-known Los Angeles mining man, is lying in the St. Mary's Hospital suffering from serious injuries received in a railway wreck. Provand was traveling in the caboose of a freight train on the Northern Railway, the train becoming derailed and injuring several persons.

## Interventions Felted.

Frank Wiggins has received a delightful letter from Portland, which expresses the hearty wish of the Oregon and Washington people to entertain Southern California people when they go north this summer. In the words of the bogus Prince of Flies, they promise that the whole town will forget to close up, and that folks from sunshine land—our rains upon the northern visitors notwithstanding—will be shown the best possible time.

## Musical Story of Life.

Last night Dr. Henry G. Hanchett of New York gave a piano recital in the Elks Clubhouse, under the title, "Story of Life in Tones." It was a musical interpretation of Shakespeare's "Seven Ages of Man," and was greatly enjoyed by an appreciative audience that was large, considering the rain. Dr. Hanchett performs with exquisite delicacy and great strength, and his interpretation elicits commendation from musicians of the highest standing, and he himself is regarded as one of the first in the land.

## Runaway Boy Found.

Charles Stevens, a 12-year-old boy who says he ran away from his home in San Pedro about a week ago, was sent to the Detention Home last night from the Hosiery Hotel, where he has been several days. The boy says his step-father is a boat builder in San Pedro and was so mean to himself and his sister that they left home, she going to San Francisco and he coming to this city. He worked here a few days selling papers and helping a female man and then a roomer at the Hosiery took a fancy to the boy and invited him to his room last night where the young fellow confessed he had run away from San Pedro.

## Kubelick's Farewell.

Jan Kubelick, the Bohemian violinist, played his final Los Angeles concert last evening in Simpson Auditorium, stirring the greatest enthusiasm of an intrepid audience of music lovers who dared the elements to attend. Although his audience was not so large as at either of his previous concerts, the appreciation was as marked, and the virtuoso as gracious. He presented an entirely new programme, which he will also give in San Francisco on Sunday afternoon. The Kubelick party will leave in the private car "Edgemere" at 3:30 o'clock this afternoon, and after another week in about San Francisco, will proceed to the North Pacific States, and then tour east.

## Coming Through by Auto.

R. E. Miller, secretary of the Owl Drug Company, left San Francisco Wednesday in his fifty-horsepower Packard automobile for a trip to Los Angeles. With him are three San Francisco capitalists, Edward C. Cline, Edward Burns and Harry Cooper. Mr. Miller comes to Southern California about once a month to see how the stores here are doing, and this time he thought the roads were good enough to try out his new car. The party is coming by the way of Santa Barbara, and was reported last night at Ventura Springs, near Soledad, in Monterey county. They expect to get into Los Angeles tomorrow. If the rains extend very far north they will have a hard time on some of the grades. Reports have also been received of bridges washed out in Ventura county and they may be delayed for forced detours. The car is driven by an experienced chauffeur, and they do not expect to be held up by the adverse conditions. When they come through their report on the road conditions should be valuable.

## BREVETIES.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Albert Alvera, a leper, was yesterday taken from his lodgings on Lafayette street by the health officer and turned over to the county health authorities.

Proceedings for street openings and widenings involving an expense of more than \$1,000,000 are suffering regrettable delays by reason of official red tape.

More than 100 overhead wires in the conduit district were cut yesterday by a snipping crew from the Street Department.

The Board of Public Works declined yesterday to accept the garbage wagon furnished by Contractors McGuire and McClure.

Complications that have crept into the guardianship of two children of Spanish lineage were explained before Judge Gibbs yesterday, and the appointment of a new guardian promises to be exciting.

By joining a labor union and going on strike while under court order to pay his wife a certain amount per week, George Hull placed himself in contempt. Judge Bordwell will consider his case today.

Michael Gross of Oxnard made charges of unfaithfulness against his wife yesterday, and sought a complaint.

A Hysell was bound over for trial in the Superior Court on a charge of forgery.

## AT THE CITY HALL.

## MILLION FOR WIDER STREETS.

## IMPROVEMENTS ARE PLANNED ON MAGNIFICENT SCALE.

Proceedings Now Under Way Will Complete Chain of Boulevards Connecting the Harbor Area for the Business District—Red Tape Causes Regrettable Delays.

More than \$1,000,000 is involved in proceedings for street openings and widenings, now dragging their tortuous way through the Council and the courts.

Some of the proceedings have been pending as long as ten years, but in no case has actual work been commenced. Here are some of the more important ones:

Widening Hill street from Sixth to Pico streets—estimated cost \$175,000.

Widening Grand avenue from Sixth to Pico streets—estimated cost \$75,000.

Opening and widening Sunset boulevard from Marion street to the Plaza—estimated cost \$115,000.

Opening and widening San Pedro street from Fifth to Aliso streets—estimated cost \$175,000.

Widening Mission road from Aliso street to the city limits—estimated cost \$100,000.

Widening Ninth street from Main to Figueroa streets—estimated cost \$110,000.

Tunneling North Hill street—estimated cost \$150,000.

Reports of the commissioners on damages have been made on the Ninth streets. On Hill street six feet is to be taken from the property on each side and added to the street.

A number of large business blocks are affected and some of the allowances for damages are heavy. The largest award is to the Gray Building at Seventh and Hill, \$12,500. Among the other assessments are: R. J. Dillon, Seventh and Hill, \$11,500; T. J. Company, Seventh and Hill, \$12,400; Charles Silbert, Hill below Seventh, \$900; Sunset Telephone Company, \$100.

Agitation for opening and widening San Pedro street from Fifth to Aliso streets dates back to the early days of the last century. Sixteen separate applications for this work have been filed with the Council. Five times the Council has passed an initiative ordinance, only to abandon proceedings. This time the time for protest has expired and the applicants are in a large majority.

This opening and widening is made extra expensive for the reason that the proposed thoroughfare will cut right through a solid brick block between Aliso and Commercial streets, a number of other places business blocks will be cut in two by the new street.

But the proponents claim that the attendant advantages will more than compensate for the loss. They expect the thoroughfare to become the main line for Pacific Electric street cars, and they think this will make San Pedro one of the leading wholesale streets.

The contest over this improvement is levied against an assessment district east of Main street. The money for the improvement will come from the general tax fund.

The widening of Mission road from Aliso street to the northern city limits and of Sunset boulevard from Marion street to the Plaza are twin projects. They are to form a part of the new boulevard system. Each thoroughfare will be made 100 feet in width. The opening and widening of the western end of Sunset boulevard will be highly expensive. From the Plaza to Bellevue avenue the proposed route passes right through business blocks. The assessment district for this improvement extends as far south as Fourth street. A protest against the improvement is now on file with the City Clerk, but the proponents are apparently in a hopeless minority.

All the preliminary proceedings for widening West Ninth street have been completed and the Council is ready to advertise for bids for the construction work.

Widening Grand avenue from Sixth to Pico streets will be expensive, but not nearly so much as widening Hill street. Five feet is to be taken from the property on each side of the thoroughfare. Only a few business blocks will be affected as most of the buildings are set back a distance from the street line.

In all these improvements the damages allowed will be offered a great extent by the benefit assessment. The brunt of the cost falls in each case on the shutting property, although in a few cases the lines of the assessment districts are far flung.

Petitions are now pending before the Board of Public Works for widening East Sixth street from Los Angeles to San Pedro street, and for widening Sixth street west of Figueroa to San Pedro street. Hill street, Grand avenue, Ninth street and Seventh street being widened to include their value as business streets. Mission road and Sunset boulevard are to be widened to prepare the way for converting them into tree-lined boulevards.

In almost every instance property owners are chafing at the delay in getting the red tape in Council and court proceedings. It is almost impossible to get actual work started within a short time of three years from the time the first application is made.

One piece of property on Hill street has changed hands five times while the proceedings have been pending.

Two tunnels are proposed for North Hill street, one north and one south of Temple street. The Los Angeles-Pacific Railway Company has offered to pay

half the expense of these tunnels in return for a franchise through each of them. Strenuous objections have been made to this plan by property owners and it is possible that the city and the railway will build separate tunnels.

Petitions are on file at the City Hall for a tunnel through Court street west of Hill street, one through West Fourth street and one through West Fifth street. The Council and the Board of Public Works agree that the city needs another tunnel opening through to the west, but they have not agreed on which street to take for the improvement.

**JAMES BELLIGERENT.**  
**DECLARES WAR ON TROLLEY.**

Police Commissioner James has declared war on the Huntington trolleys. The conductors on the Huntington cars will not recognize his gold-stamped star, and the trolleys are expected to be out of the city in a few days.

At noon yesterday James boarded a car on Spring street and presented his star in lieu of a regular conductor's pass-book. The conductor declined to give him a free ride. An altercation followed, and the conductor and motorist were taken to the station.

James hastened to the Mayor's office and related his troubles to the Chief Executive. Shortly after noon the Mayor sent out a call for a special meeting of the Police Board. This was held late in the afternoon.

For more than an hour the commission listened behind closed doors to James' tale of woe. Then they sent for the City Attorney. Before the secret session members said there would be "something doing." But after it was over they said nothing had happened, and that nothing is likely to happen right away.

Whether the railway companies are compelled by the terms of the franchise to recognize policemen and firemen's stars has been a moot question at the City Hall for some time. The franchise is a long one, and the railway companies shall be carried free, subject to such reasonable regulations as the companies may adopt.

Regular policemen are carried on their stars; firemen's stars are carried on their shields. These are supplied by the Huntington companies on application.

City Attorney Mathews has been asked to give an opinion whether a Police Commissioner is entitled to a free ride on presentation of his star. On this opinion will depend the future action of the Police Commission.

## AT THE COURTHOUSE.

## WARDS DEMAND NEW GUARDIAN.

## SCHEME ALLEGED TO DISPOSE OF MARQUEZ ESTATE.

Santa Monica Land and Water Company Said to Be Interested in Removal of Old and Selection of New Protector of Minors Owning Valuable Realty.

The story of Naboth's vineyard is again being told in the case of Guillermo and Rosaura Marquez, minor orphan children, but inheriting a little piece of property that promises to be of such value as to provoke the envy of those desiring it.

Yesterday there was a scrappy kind of fight before Judge Gibbs to have Pascual Marquez, an uncle, removed as guardian of the children. He was accused of failing to file an account and inventory, though appointed guardian in 1903. His excuse practically was that there was really nothing to account for and no inventory to make. He did not oppose his removal, but insisted in an affidavit that the facts be known to the court before his successor's appointment.

His proposed successor is Bonifacio Marquez, the children signed his nomination under their legal right, Guillermo being 17, and Rosaura 15 years of age.

As shown in the papers in the case, Pascual Marquez charges that the Santa Monica Land and Water Company is trying to buy the five acres of realty belonging to the children in the Santa Monica Canon. It is claimed the company already owns 200 acres in the canon, and that all the small lots of real estate have been snapped up under the names of Roy Jones, Willie Bundy, and others, but that really it is all for the land and water company.

Pascual Marquez refused to sell the property of his wards for the amount offered. He represented to the court that the property was a valuable one, and that the company was trying to defraud him of it.

When the newly-selected guardian, Judge Gibbs suggested that he appoint a disinterested person as guardian, naming Attorney Isidor Dockweiler. The name submitted was not a stockholder in the Santa Monica Land and Water Company. He answered in the affirmative, and his choice of being appointed guardian appeared.

same court, and on that occasion Hines addressed the court in his own behalf in such manner that he hung them up six and six. Yesterday he was convicted. Hines and a man named O'Malley were arrested for having stolen the pocketbook of one Tozier, at the prize-fight between Corbett and Herrera. The men were captured almost in the act. O'Malley retained Attorney Reymond to defend him and took his three year sentence. But the little man, but Hines insisted upon defending himself.

Hines showed considerable acumen in the cross-examination of witnesses, but he overdid the thing in his address to the jury. They returned a verdict of guilty inside of ten minutes. Deputy Dist. Atty. Asa Keyes conducted the prosecution.

## ALL WANT CHAMPION.

Resorts Bidding for Training Camp.

Inducement Offered at Fairview.

Nolan May Accept.

There were no allurement in

theater parties for Billy Nolan's Bat-

tling Dane last night, and the cham-

pion contented himself with remaining

in his room most of the evening, after

a severe drenching, received in an

automobile trip to Fairview, Newport

Beach.

During the afternoon Nolan and Nel-

son were driven to the resort by W. S.

Collins, owner, and shown the induc-

ements offered to get Nolan to estab-

lish his camp there.

Collins tendered the fighter the use

of furnished cottages, a gymnasium, a

horse and buggy and a steam launch,

and this latter proposition made a hit

with Nolan. In all likelihood Nolan

will make Fairview his headquarters.

Nolan found piles of mail awaiting

him and as he began to open it re-

marked:

"I wonder what I'll find in the way

of 'fall' propositions this time? John

D. Rockefeller can get my sympathy

any day if he has to listen to the tales

of woe that I get in my mail."

Nolan found a blue envelope and on

opening it handed the letter to Nolan,

remarking, "See that up, will you? A

pal of mine is in jail—he says he's a

pal, but spells it 'pall' and wants

breakout money."

The writer assured Nolan he was

willing to be his pal, if he could only

get \$50. He was in jail; convicted of

grand larceny, and he would get him

out on a new trial; an unfeeling judge

had stripped him three years in the "hoo-

house," but that did not matter if he

could get out long enough to see the

battler tear the shingles from the

house.

## GREAT MEET TOMORROW.

Three Hundred Entries for Intercho-

lastic Track Contests on U.S.C.

Campus.

The entry list for the intercho-

lastic track meet, to be held on the campus

of the University of Southern Califor-

nia tomorrow, is the largest in the

history of athletics in the South. Twen-

ty-six secondary schools have entered

the meet, and several records will un-

doubtedly be smashed. The rain of the

last few days will tend to make the

track fast, and will be much more

satisfactory to the distance men than

if the hard track prevailed. The sprint-

ers will be the only ones affected by

the soft track.

This is the first time southern sec-

ondary schools have come South, and

they will have to extend themselves

to beat the champions of this section.

There are about 300 entries already,

and Coach Holmquist not finished

counting. The schools entered are:

Santa Paula, Salbrook, Colton, Hicks,

Modesto, Fresno, Los Baisos, Citrus,

Pomona High, Easton, Compton, Los

Angeles Military Academy, Los Angeles

Polytechnic, Harvard School, Long

Beach, Santa Ana, Pasadena,

Throop, Glendora, Pacific Grove, Ben-

dick, Wilmering, Marysville, Alameda

and Los Angeles High School.

Los Angeles High School won the

meet last year by one point from the

Harvard School. At Pomona last Sat-

urday the local High boys won the

meet in a walk, but will have more dif-

ficulty in the coming meet, as Richard-

son, the star of the Santa Paula team,

will cut in on the points of the team

on the hills. Holmes has tried to get

the best officials possible and will try

to eliminate the factor that has occurred

of several meets in the past. "Timing

is an essential part of track and would

be clockers do a great deal toward

hurting the sport."

CLEAR  
HAVANASTETSON,  
PRESTON  
COMPANYSAFEGUARDING DESERT TRAVEL.  
George Parsons Reminds His Agitation  
for Legislative Action in Behalf of  
Those Endangered.George Parsons has taken up again  
his crusade on behalf of desert trav-elers, and is stirring up the Superiors  
of the mining counties to activity inthe work of locating sign posts and  
protecting springs and water holes.

He went before the Chamber of Com-

merce last Wednesday and suggested

that the Law Committee of that body

take up the matter of urging upon the

Legislature the enactment of a law

making it a penal offense to deface

desert sign boards.

Mr. Parsons said it was the habit of

some young bloods of Los Angeles,

when driving over country roads, to

make targets of guide-boards and

shoot them full of holes, defacing the

inscriptions and destroying their value

to travelers. The life of a desert trav-

eler might depend upon the direc-

tions given by a guide board, and any

one who mutilated such a sign should

be severely punished.

Mr. Parsons also urged that the

State should make provision for the

protection of springs from pollution.

He suggested that it would be well to

communicate with the authorities of

the Nevada desert counties contiguous

to California, and ascertain what they

have done or intend to do in cooperation

with California to make traveling in

the mining districts safe. The Times

desert map, he said, had proved of

great value to prospectors, but to get

the full benefit of that aid to travelers,

it was necessary to supplement the

map with sign posts marking the roads

and giving directions to water.

All of the suggestions made by Mr.

Parsons were approved by the Cham-

ber of Commerce, and effect will be
